

Forklift Electrical Parts

Forklift Electrical Parts - Forklifts may be specifically labeled for use in hazardous sites. A marked forklift denotes the design has met the minimum standards of ANSI/UL 558 for engine powered trucks or ANSI/UL 583 utilized for electric trucks for the type of label put.

Applications for marked trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial lift trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance carrier and Fire Marshall for more information regarding the approved uses of industrial powered lift trucks in your application.

If the lift truck has been proven to satisfy the outlined standards, the following labels may be attached. A labeled truck would have the model designation located on the lift truck nameplate and will have one of the following labels attached.
